The 1988 Publication Editors Bryan Mathews, Donnie Hatch, and Stephanie May, feel that they have had a lot of responsibility in each of their three areas. Being an editor was a full time job and took up a lot of their free time. Bryan, who was editor of this year's Regalia, feels it was tough because he had to meet every deadline on time or the yearbook would be late. Donnie, the editor of the Fling says, "I was always running around giving orders and finishing the work that other people didn't finish." Stephanie, the editor of the Gaelic, had to make a lot of tough decisions about which creative endeavors would be chosen for the magazine.

Bryan was in Publications for all four years, while Stephanie and Donnie for only two years. Being an editor gave each of them first hand experience for their future work in Publications. It also taught responsibility and has shown them what it was like to have such an important position. Being an editor was also a very rewarding experience. The quality of their work can be seen through each publication.

SPIRIT

Cornelious Porter, Doug Burdick, Susan Buehrer, and Stacy Bickford show the spirit of Highland High.

Doug Burdick has been a part of the band, orchestra, pipe band and pep band for four years. He is the pipe major this year. He is currently the interact president and is a member of C.S.F. with a G.P.A. of 3.9. He ran cross country for three years, played baseball for two years, and ran track for one year.

Cornelious Porter makes you laugh! As Rally Chairman, he can enthuse the crowds for Highland. He is a fine athlete playing varsity football, basketball and track all four years of high school. He holds a strong G.P.A., and plans a future in Agriculture Communications.

Stacy Bickford shows spirit through varsity cheerleading for four years. After high school, she plans to be a "U.S.A. Spirit Instructor", training other high school girls in cheerleading skills. She has maintained a G.P.A. of 3.7 and is college bound.

Susan Buehrer creates spirit for Highland High. She loved every minute of cheerleading for four years and is also a talented violinist in orchestra. She has maintained a 3.8 G.P.A., and is in C.S.F.

These four Scots define spirit at Highland High. May they carry the spirit throughout their lives.

One of the greatest honors to receive as a senior at Highland is to be elected Lad or Lass. The nominations, based on leadership, scholarship, and service, are narrowed down to five by the faculty and then voted on by the student body. Jimmy Glinn and Nikki Parra, the Lad and Lass of 1988, have displayed outstanding participation and service throughout their years at Highland.

Jimmy, President of the H20 club, has been swimming on the Varsity team for the past four years. Each year he has been selected MVP. He also received first place in the 100 back stroke at the Valley meet. He is an officer of Interact, and belongs to CSF with a GPA of 3.9.

Nikki is a cheerleader and serves as ASB President. She is an actively involved member of CSF, Interact, Math Club, Foreign Language Club, Pep Club, and the Forensics Club. She is the Ford Dimension Campus Representitive and manages a GPA of 3.9.

When I first ran for President in May, I knew that this class was different. This class seemed very spirited in many ways. Of the past Homecomings, the class of '89 had come out on top in float-building in both my Freshmen and Sophomore years. Also, there are many involved Scots athletes and cheerleaders in this class.

The Junior year, itself, was also special because I got to lead the class for the Prom. I only hope that next year will be as great as this year.

TALENT - The junior class has it! Alex Lee, Ritamarie Lencioni, Peter Parra, and David Salyer are perfect examples of the Junior Style. Alex, the president of the band, has been playing the trumpet for six years and definitely plans to continue playing throughout college. Dramatics is what Ritamarie enjoys and she does it very well. After performing for only three years, she has received much recognition and numerous awards. Peter contributes his skill of debate to the Forensics team, and uses his public speaking skills as the ASB Vice-President. David has been singing for many years and is currently participating in the entertaining jazz choir.

Sophomores

"When I first came to Highland, I thought I had to act grown-up, but now I realize if no one else is going to, why should I?" Kim Batten

Sophomore Class Council: Back Row: Tabitha Lenz, Jinna Johnston, Kristyn Atkins, Jennifer Schedle, Marianne Ray, Kathleen Shuck, Tracy Handy. Middle Row: Amy Schwebel, Marie Manquero, Tracy Rivenbark, Caroline Phares, Lisa Graupmann, Stacy Graupmann, Sonia Murial, Tim Delavega. Bottom Row: Nikki Clark, Tracy Keener, Chaunine Carpenter, Debby Buehrer, Kim Batten, Kristy Johnson, Mariko Ishimori.

The class of 1990 is the greatest! We are spirited and proud to be Scotsmen! While being actively involved in clubs, sports, and intramurals, we still keep academics number one. Last year, we shocked the other classes by winning competitions at several rallies, and this year we did it again. Other classes at Highland have claimed to be the best, but the Class of 1990 is the greatest class ever to attend Highland High School!

Freshmen

"I expected to be trashcanned, but nobody has tried yet"
Andrea Hynds

As President of the class of "91", I have high expectations for our class. We have shown our worth in athletics, where many of our Freshmen have excelled. But athletics wasn't the only subject we excelled in. A large percentage of our class is involved in Fine Arts classes that Highland has to offer. Quite a few Freshmen started out their first year enrolled in G.A.T.E. classes. With these credentials, I am proud to have been the President of the class of "91" for "88".

WE'VE GOT *Faculty*

Communication is the style of our administration!

I believe that Highland's style is unique. We're a school of individuals who care about each other, who value academics, and who exhibit great enthusiasm and pride for whatever the school undertakes. We have a staff which works very hard to provide an exemplary education for our students. We have a student body which demonstrates its interest in school through hard work, faithful attendance; and participation in extra-curricular activities. And we have supportive parents who volunteer their talents, energy, and time to help us educate their children.

Highland's people are great and unique, and I love being principal of a school with such style!

BOARD OF TRUSTEES Seated: Earle Gibbons, Fred Starrh. Standing: David Stanton, Ken Secor, Brent Casper.

The Kern High School District Board of Trustees and the Superintendency congratulate the staff, students and parents of Highland High School for the school's nomination as a California Distinguished School. We recognize and applaud Highland's very serious efforts over the past three years to improve its overall program. This effort has resulted in higher test scores, increased enrollment in academic subjects, and a low dropout rate leading to the Distinguished School nomination. The Highland close-knit community spirit has been a vital component of the school's improvement process. This spirit, uniting students, parents, teachers, counselors, classified staff, and administrators, is very evident as we watch Highland excel in academic and extra-curricular activities. Congratulations!

Don Murfin

Highland High School is the kind of place I'd like to spend my teaching career at. If I do, I will want to become principal. Then I could be a "prince" who is everybody's "pal"!

I have worked at several schools and have visited many schools around the state. Highland High is, without doubt, one of the finest schools in the state. The students are "top notch", and the staff is extremely qualified and willing to help at all times. A person would have a hard time trying to find another school which turns out such outstanding students as Highland High does.

BEST WISHES
TO THE
CLASS OF '88

BORN ON THE RACETRACK, NOT IN THE BOARDROOM.

Many cars are products of the boardroom, which is maybe the reason they're so boring to drive. The 1988 Acura Integra, on the other hand, is built on technology derived from years of Formula One racing. What does that mean for you? Quick acceleration from a spirited 1.6 liter, 16-valve DOHC, programmed fuel injected engine. Responsive handling from a well engineered suspension and power-assisted rack-and-pinion steering. An interior that's designed around the driver, for the driver. And styling that is both sleek and aerodynamic.

So take a test drive of the car developed by people in racing suits, not business suits.

"When the world gives you lemons. . . Make lemonade."

Betty Valentich
1928-1987

She listened to you, helped you set your goals, suffered with you when life hurt, mothered you, and gave you lots of hugs. You trusted her with your innermost hopes and fears and you knew she'd help you handle them. She was your friend, even when your actions disappointed her, and she had to discipline you. And she always believed that God had a very special job for you to complete, and she was here to help you succeed. We love her, and we miss her.

YEARBOOK; IT TAKES DEDICATION

What can I say? Other than "We made it" and I'm proud of the Regalia staff. Having only three people return from last year's staff made it tough. I'd like to thank Mrs. K very much for allowing me to take control in the beginning (as I did many times). In doing this I gained the confidence needed to get through the first and hardest deadline. Also, I would like to thank Krystal Seay, David Bentley, and Kim Batten for sacrificing their lunches and after school time to help with the first deasline; Jimmy Wynne and James Mize for offering us their darkroom talents; Stacy Bickford and Karen Holman for keeping me entertained and smiling after the Fridays and Saturdays of staying up late working on the Yearbook. Doug Burdick, thank you for keeping me sane when yearbook began to drive me crazy.

Spending second through sixth in yearbook was a duty that the staff regretted deeply, but one that was severely needed. When it came down to it we always made our deadline. A special thank you goes out to everyone that made the 1987-88 Regalia possible.

Thank You, Editor
Bryan Mathews
